Optimized for space-efficiency and performance.

LCD Screen

High-definition LCD panel with a touch-based interface makes even complex jobs go smoothly!

Automatic Frame Detector

Genuine Brother products make for easy, safe, stress-free use!

6-Needle Home Embroidery
with LED Positioning Marker

Entrepreneur
PR655

10-Needle Home Embroidery Machine
with Built-in Camera

Entrepreneur Pro
PR1000e

Embroider completed caps

Cap Frame

130×60mm(5×2.4in)

PR655 PR1000e

Set-up the completed cap directly onto the machine

Stretch the cap over the frame

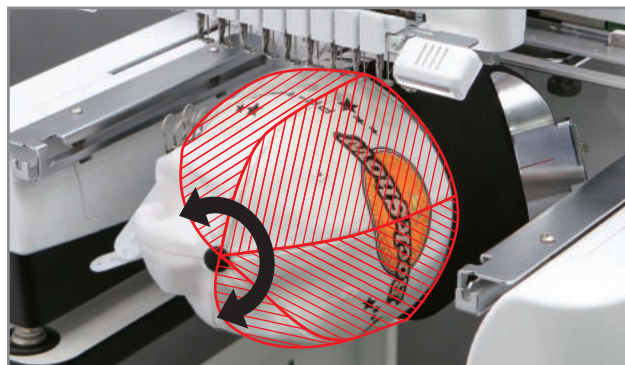

Embroider over a wider area

Embroider over a wider area

Wide Cap Frame

360×60mm(14×2.4in)

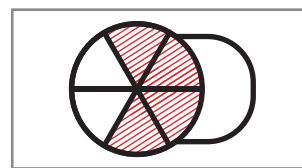

PR655 PR1000e

Embroider right up to the edge

Greater area for embroidery designs

4 sections that embroidery can be applied

Apply embroidery to shoes and other pieces that were difficult to embroider

Clamp Frame

45×24mm

Set-up larger shoes

Embroider the tongues of shoes

Embroider the collars of polo shirts

Embroider large designs by only stretching once

Jumbo Frame

360×360mm(14×14in)

PR655 PR1000e

Embroider half the design with the garment stretched once

Rotate the frame when half the design is complete

Ideal for embroidering continuous designs like those on curtains and skirts

Border Frame

300×100mm (12×4in)

Makes it easy to embroider continuous designs to large pieces of cloth

Remove the frame in one step

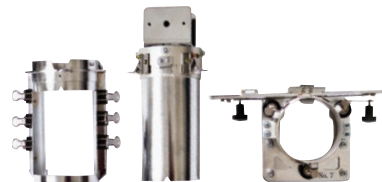

Simply slide the cloth and fit the frame

Ideal for embroidering cylindrical sections

Cylinder Frame

90×80mm (3.5×3in)

Easily stretch shirt sleeves, trousers, bags and other similar shapes

Stretch the piece over the special frame

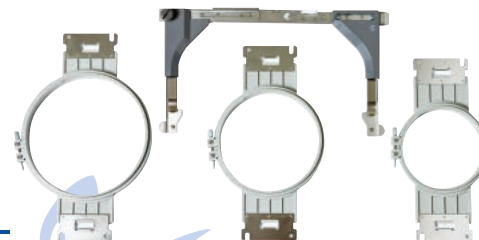

Apply embroidery just around cuffs

Apply the frame over a specific area

Round Frame

100/130/160mm (4/5/6 in) (dia.)

Set-up the garment in any direction, as long as the center of the frame is where you want it

Easily adjust designs that need to be aligned properly

Square frame to suit quilt designs

Quilt Frame

200×200mm(8×8in)

A square frame to make aligning quilt patterns and other embroidery positions

The square shape of the frame also makes it ideal for planning quilt designs

Excess cloth on larger pieces no longer gets in the way when applying embroidery

Flat Frame

300×200mm(12×8in)

Cloth outside of the frame is kept on top of the frame and out of the way

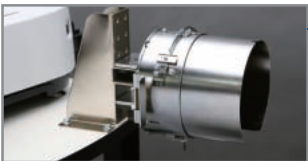

For flat frame

Easy-to-use PR Series-exclusive stand with excellent storage capacity

Metal stand for PR-Series

H700~1000mm×W800mm×D590mm

Tool attachments such as cap frames and cylindrical frames

Neatly stores frames and arms away

Exclusive stand with plenty of storage for various accessories

Enough space even to store the wide table

Embroidery Design Software.
