SO 5	Blindstitch sole	18
SO 8	Jeans-foot sole	18
SO 20	Open embroidery foot sole	22
SO 37	Patchwork-foot sole	30

## Information on BERNINA presser feet

BERNINA presser feet stand for precision and sturdiness. They are easy to change and BERNINA has a suitable presser foot for every application. The sewing feet are divided into two types with different shank openings:

Scan the QR code to see a video tutorial.

For all models in category A of the Accessories Catalog, presser feet with a 2-point shank opening are used.

For all remaining models in categories B to F of the Accessories Catalog, presser feet with a closed shank opening are used.

### Presser feet with a closed shank opening are divided into various types:

#### For example, Reverse-pattern foot #1/1C/1D for attractive decorative sewing

- |    |   |  |
|----|---|--|
| 1  |    | <ul style="list-style-type: none"> <li>• These presser feet are identified by foot numbers</li> <li>• For BERNINA sewing and embroidery machines with a maximum stitch width of 5.5mm</li> </ul>   |
| 1C |  | <ul style="list-style-type: none"> <li>• The letter "C" stands for "coded" presser foot, and refers to the sensor that specifies the stitch width to the sewing machine</li> <li>• For BERNINA sewing and embroidery machines with a maximum stitch width of 9mm</li> <li>• The soles are longer and wider than on the 5.5mm presser foot</li> </ul>           |
| 1D |  | <ul style="list-style-type: none"> <li>• The letter "D" stands for "Dual Feed". "D" presser feet are used with the BERNINA Dual Feed-system. The sole therefore has a recess at the back for the Dual Feed</li> <li>• For BERNINA sewing and embroidery machines with a maximum stitch width of 9mm</li> <li>• The sole is reinforced with 2 shanks</li> </ul> |

### Additional distinguishing features of buttonhole feet

- |    |   |   |
|----|---|---|
| 3A |  | <ul style="list-style-type: none"> <li>• The letter "A" stands for automatic sewing of the buttonhole</li> <li>• For BERNINA sewing and embroidery machines with a maximum stitch width of 5.5mm</li> <li>• Variable buttonhole length up to a maximum of 30mm</li> <li>• The machine measures the length of the buttonhole (mm) via the sensor and completes it automatically</li> </ul>   |
| 3B |  | <ul style="list-style-type: none"> <li>• The letter "B" stands for semi-automatic sewing of the buttonhole</li> <li>• For BERNINA sewing and embroidery machines with a maximum stitch width of 5.5mm</li> <li>• Variable buttonhole length up to a maximum of 30mm</li> <li>• The machine measures the length of the buttonhole (number of stitches) and completes it in stages</li> </ul> |
