## 4-Thread Serger

*Micromatic Twin Cam Tension System*  
Eliminates thread tangles and delivers proper tension with all threads on any fabric.

*Jet-Air Threading™*  
With just the touch of a lever, thread is sent through the tubular loopers. There are no thread guides, no struggling and there's plenty of time to serge away!

*Adjustable Presser Foot Height up to 6mm*  
Celebrate features a higher presser foot height to effortlessly handle thicker and loftier fabric.

*Needle Threading System*  
Hold the needle threader in place for quick and easy threading with just the touch of a lever.

*Full Featured Single Unit Differential Feed*  
We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

*Advanced Knife Driving and One-Way Clutch System*  
Baby Lock has created a knife system with a larger cutting bite that cuts thicker fabric with ease and increased visibility.
